2019-20 Conferences INDEX

SNo	Name of the Teacher/Author	Title of paper Published	Title of the proceedings of the conference	Indexed	Year and month of publication	Pages (From-To)	DOI
1	Dr. N V Ganapathi Raju P. GopalaKrishna	To evolve a Predictive Model for Dengue Incidence using Metrological and Geo Spatial Data	International conference on communication and electronic systems	IEEE	July 2019	51-59	
2	Dr. N V Ganapathi Raju P. GopalaKrishna K.Rajiv Y.Prashanthi	Comparative Study of Accuracy levels on Malaria Dataset using CNN	Internal conference on emerging trends in science and engineering	Scopus	May 2020	1-195	
3	Dr. N.Rajasekhar	Author profiles prediction using syntactic and content-based features	Proceedings of 3rd advances in intelligent systems and computing	SCOPUS	Jan 20	265-273	https://doi.org/10.1007/978-981-15-1097-7_23
4	Dr. N.Rajasekhar	Design and development of EGB classification model for predicting heart diseases	Proceeding of international conference on innovative mechanisms for industry applications	SCOPUS	Mar 20	794-801	DOI: 10.1109/ICIMIA48430.2020.9074880
5	Dr. Y. Jeevan Nagendra Kumar	Supervised Machine Learning approach for Crop Prediction in Agriculture Sector	International conference on communication and electronic systems	IEEE	June 2020	736-741	DOI: 10.1109/ICCES48766.2020.9137868
