Report of the Event

Title of the Event: A Workshop on “SCILAB”

Organized Date: 14th October 2017. IITBombayx,Online, GRIET

Faculty: Mr. G. Sathyanarayana

Summary:

Scilab is a free and open-source, cross-platform numerical computational package and a high-level, numerically oriented programming language. It can be used for signal processing, statistical analysis, image enhancement, fluid dynamics simulations, numerical optimization, and modeling, simulation of explicit and implicit dynamical systems and (if the corresponding toolbox is installed) symbolic manipulations.
