GokarajuRangaraju Institute of Engineering and Technology (Autonomous)

Report of the Event

Title of the Event: Workshop on "Data Science & R Programming"

Organized Date: 14th December 2017,JNTUH

Faculty: Dr. Ch Srilatha

Summary:

R is a programming language and free software environment for statistical computing and graphics that is supported by the R Foundation for Statistical Computing. The R language is widely used among statisticians and data miners for developing statistical software and data analysis.Polls, surveys of data miners, and studies of scholarly literature databases show that R's popularity has increased substantially in recent years. As of May 2018, R ranks 11th in the TIOBE index, a measure of popularity of programming languages.
